**REASONS:**

**5% deduction for specific subject:** It has been observed that awards in these subjects are much higher than the average in other subjects. Therefore, the college has been following these guidelines for several years with satisfactory results.

**2% incentive for girls :** This incentive is offered to improve gender-ratio and to promote female education.

**2.5% deduction** in the aggregate marks of those candidates who have not studied the chosen subject at +2 level.

Proficiency in English and Maths is essential in view of content of these courses.
